PISGA Discussion Paper  
Ministry of Public Safety & Security  
25 Grosvenor Street, 12<sup>th</sup> Floor  
Toronto, Ontario M7A 1Y6

Attention: Mr. John Herberman

**Re: PISGA Discussion Paper**

On behalf of the Canadian Society for Industrial Security, Inc. (CSIS, Inc.), I am pleased to provide you with our collective response to your request for security industry input and comment regarding the PISGA Discussion Paper, which was released for review in June 2003.

Our request for membership participation to the discussion paper was sent out nationally, with the majority of individual responses being received from those members operating and or residing within the Province of Ontario. Given that Provincial Governance issues regarding the security industry is territorial, the locality for most of our membership returns to the paper, is self-evident.

In order to provide ease of reading and to avoid duplication, we are providing the main body of our membership response in a tabled format. Further, a select grouping of individual member returns, are also being submitted for your perusal. As the individual needs for security are industry specific (i.e.: retail v. industrial, public v. private, etc.), these selected submissions were chosen to best reflect such diversity.

In closing, I would like to thank you for the opportunity to participate in your consultation process and I look forward to sharing the results of this process with our national membership. Please be assured that the Canadian Society for Industrial Security, Inc. is prepared to work closely with you and the Ministry as you move forward.

Sincerely,

Graham P. Ospreay, FACFE, ISA  
President and Chairman of the Board (CSIS, INC.)
